### **Tingle named among top 30 public pension chief investment officers**

Lorrie Tingle, of Clinton, has been named as one of Trusted Insight's Top 30 Public Pension Chief Investment Officers for 2017.

Tingle is the chief investment officer for the Public Employees' Retirement System of Mississippi (PERS), where she is responsible for more than \$30 billion in defined benefit and defined contribution assets under PERS' direction. Tingle plans and directs the activities for PERS' now \$28 billion investment pool to ensure the prudent management of the investment assets for the System, in addition to providing oversight for \$3 billion in defined contribution assets.

"We are both pleased and proud to see Mrs. Tingle named as part of this distinguished group. She has served in her position at PERS for more than 20 years and continues to do an excellent job guiding the investment activity for the System," said Pat Robertson, PERS executive director.

Tingle earned her Master of Business Administration from Mississippi College and her bachelor's in geology from the University of Alabama, and she is a Chartered Financial Analyst

Trusted Insight is the world's largest network of institutional investors, connecting investment decision-makers at endowments, foundations, pensions, insurance companies, sovereign wealth funds, family offices, corporations and healthcare systems.
